

**DEPARTMENT OF COMPUTER SCIENCE WITH ARTIFICIAL INTELLIGENCE
Tech Neuro Club**

COOKING WITHOUT FIRE

RULES & REGULATIONS

1. PARTICIPATION

- Each department may register **only one team**.
- Each team must consist of **2 members**.
- Both registered members must participate throughout the competition.

2. INGREDIENTS & MATERIALS

- Teams must bring **all required ingredients, utensils, serving items, and other materials**.
- Only **ready-to-use, non-cooking ingredients** are allowed.
- **No cooking equipment, heating devices, or heat-producing appliances** are permitted.
- Ingredients must **not be pre-cooked, pre-cut, chopped, diced, sliced, peeled, or otherwise prepared** before the competition.
- Knives, vessels, plates, spoons, serving items, and other utensils **will not be provided by the organizers**.
- Teams may bring their own required utensils, subject to the competition rules.
- All preparation must be carried out **only after the official start signal**.

3. TIME & COMPETITION PROCEDURE

- The total competition time is **90 minutes**.
- Preparation may begin **only after the official start signal**.
- Each team must prepare and present **2 dishes** within the allotted time.
- Both dishes must be **completely ready before the 90-minute time limit**.
- After the time ends, **no further preparation, modification, or decoration** will be allowed.
- **Teams must present their final dishes to the judges within the time specified by the organizers**.
- All teams must follow the instructions and directions given by the **event coordinators and judges**.

4. IMPORTANT

- The competition is strictly **“Cooking Without Fire.”**
- No form of **heating, cooking, or heat-based preparation** is permitted at any stage.
- Teams are responsible for ensuring that everything they bring and prepare complies with the competition rules.
