

**DEPARTMENT OF COMPUTER SCIENCE WITH ARTIFICIAL INTELLIGENCE**  
**TECHNEURO CLUB 2026**  
**TREASURE HUNT**

**Rules and Regulations**

**Team Formation**

- Each team will consist of 2 members.
- Only one team from each department is allowed to participate.

**Game Format**

- Each team will be provided with an A4 sheet containing 20 clues.
- Participants must solve the clues and identify the objects/things indicated by them.
- Once an object is identified, the team must find it, collect it, and keep it with them.
- Teams must continue searching for the remaining objects while keeping all the collected objects with them.
- Teams should not return to the designated place after finding each object.
- At the end of the hunt, teams must bring all the collected objects back to the designated place.

**Time Duration**

- The total time allotted for the Treasure Hunt is 1 hour and 15 minutes (75 minutes).
- Teams must return to the designated place with all their collected objects within the given time limit.
- Objects found after the time limit will not be considered.

**Winner Selection**

- After the completion of the event, all valid objects collected by each team will be counted.
- The team that collects the highest number of valid objects will be declared the winner.

**Tie-Breaker – Mystery Round**

- If two or more teams collect the same number of objects, a special Mystery Round will be conducted.
- The Mystery Round will determine the final winner among the tied teams.
- The decision of the judges will be final.
